ACCOLADES

I honestly cannot say enough good things about the Mississauga Grand! We booked our wedding here for but had to cancel due to the pandemic. They were SO unbelievably kind and understanding which really meant so much to us at a time like this. After we cancelled the wedding we started using their catering service for a few different events we had and every single thing we had was absolutely delicious! Rave reviews from everyone who tried it! I can't wait to order more and more delicious food and hopefully one day hold a wedding in their beautiful facility! - Nicole Q

We've loved Mississauga Grand for years...They've been beyond accommodating...we have hosted weddings, showers and baptisms there over the last decade and they have always been wonderful...due to Covid our plans for our sons baptism changed...we decided to have MG catering cater our at home event and it was spectacular...everything was freshly made, tender and delicious...thank you so much for the great food! - Tess T.

This year was the first year in six years that I didn't cook my own Thanksgiving turkey. Since we just moved last weekend and didn't think we'd have much time for cooking, we decided to order a turkey dinner from Mississauga Grand and it was absolutely incredible! Exceeded all of our expectations and I just may never ever cook again! We've ordered catering from there a few times in the past and when I say their food is AMAZING, trust me I mean it. So guys! Consider them for any and all of your catering needs. Hands down the best catered food I have EVER tasted in my life and the portions are huge. Absolutely incredible! - Nikki M

I had a small family gathering and ordered some items from the new catering menu. The charcuterie board, rapini, and the mini slider platter were all excellent! The fried chicken slider was especially good! I would definitely order from here again for any family function :) - Sarah S
